Mac Book IO's

- 1. Start the app Mail.
- 2. Choose Microsoft Exchange as the provider.

Anbieter für Mail-Account auswählen ...

	 iCloud
	 Microsoft Exchange
	○ Google ⁻
	o yahoo!
	o Aol.
	Anderer Mail-Account
?	Beenden Fortfahren

3. Enter the e-mail address and then click «Sign in»

Microsoft Exchange		
Gib zunächst folgen	de Informationen ein:	
Name:	fhgr	
E-Mail-Adresse:	webes.test1@fhgr.ch	
	Abbrechen Anmelden	

4. On this window, use the "Manual Configure" button to customize the user login name.

5. However, this login mask now appears. Enter your PW here and click on Login.

Μ	icrosoft Exchange
Gib zunächst folgen	de Informationen ein:
Name:	fhgr
E-Mail-Adresse:	webex.test1@fhgr.ch
Passwort:	•••••
Abbrechen	Zurück

6. Now this login mask is displayed, where you have to change the username from the e-mail address to your username (account name). If you have entered this correctly, you can complete it with register.

icrosoft Exchange
